Subject: Support for Policy Order #2 (increased nexus payments)

Dear Councillors.

I would like to express my strong support for Policy Order #2 on tonight's agenda.

As Cambridge expands its commercial base and becomes a regional, national and international employment magnet, we need to use every tool at our disposal to preserve housing affordability and socioeconomic diversity in our city. Increasing the nexus rate on large commercial development in a timely manner is one such tool that is readily at hand. Please vote yes to support the Carlone-Mazan order to increase the nexus rate NOW.

Thank you.
