Protest Against the Proposed Petition for the Lesley Porter Overlay District

I/We the undersigned property owners wish to protest the petition by Lesley University for establishing an Educational Overlay District for their Porter Square Campus. Our reason is that the Overlay District as proposed creates a beefed up Business C District that violates the Cambridge Zoning Ordinance regulations for Business C. This unprecedented zoning uplift enables Lesley to overdevelop their properties within the Overlay District, thereby adversely affecting neighbors and abutters within the 300 foot boundary of the property.

Our reason is that the Overlay District as proposed creates a beefed up Business C District that violates the Cambridge Zoning Ordinance regulations for Business C. We are particularly concerned about the inadequate plans for parking.

Protest Against the Proposed Petition for the Lesley Porter Overlay District

I/~~We~~ the undersigned property owner~~s~~ wish to ~~protest~~ oppose the petition by Lesley University for establishing an Educational Overlay District for their Porter Square Campus. ~~Our~~ My reason is that the Overlay District as proposed creates a beefed up Business C District ~~and~~ while attempting to waive parking requirements. ~~that violates the Cambridge Zoning Ordinance regulations for Business C.~~ This unprecedented zoning uplift enables Lesley to overdevelop their properties within the Overlay District, thereby adversely affecting neighbors and abutters ~~within the 300 foot boundary of the property~~.

There needs to be adequate parking. The best solution would be to deal with the AIB's needs (100 sf building) only + the parking required for that building alone + to deal with the other areas Lesley owns (near lot + 2 western lots) at a later time, when they have specific plans. Don't just give them a freebie + assume Cambridge will benefit. Please consider the tax-paying citizens in the area + our needs rather than just focus on projected possible additions to the tax base from retail that may not even happen.
