Subject: REJECT Forest City Petition

Dear Cambridge City Council Members,

Please reject Forest City's petition to build a biolab on Massachusetts Ave near Central Square. The development that Forest City proposes to build violates current zoning laws, lacks housing, and offers no community benefits. Residents of Cambridge oppose Forest City's plan. I hope that you will do what it is the best interest of the community by voting No on the Forest City Petition.

Sincerely,

Dana Demetrio
15 Foch St, Apt 1
Cambridge, MA 02140
