City Clerk Agenda

To:Lopez, Donna <dlopez@cambridgema.gov>; City Council <CityCouncil@CambridgeMA.GOV>;

Dear Councilors,

I continue to believe that the luxury residential tower, 18 floors tall called Normandy/Twining will be a canker sore to Central Square. I ask you to refuse this project, and ask that we have no new large developments until we increase affordable housing.

I feel this development is a terrible idea that goes against what we have decided for zoning for that section of the city. We need a Citywide Plan that makes low-income housing a priority.

Thank you for your work. I trust you will listen to citizens, not big business.

Minga Claggett-Borne
