Dear Cambridge City Council & Management,

I'd like to officially state that I am firmly opposed to proposed Zoning Ordinance Amendment 20.304.2(c) "*Making Housing Competitive*" and recommend it's withdrawal.

As a Central Square Business Association Board Member with a responsibility for advocating for the best interests of present and future business endeavors in Central Square, and as an appointed member of the Central Square Advisory Committee, I have closely followed the proposed plans for Central Square and the C2 recommendations, and I believe that Zoning Ordinance Amendment 20.304.2(c) would be the wrong direction for Central Square as it is too extreme and would stifle future business development and interests.

I cannot make the meeting tonight to voice this in person, but I do, however, plan to attend the C2 discussion on this Wednesday evening.

Thank you for taking my thoughts on this matter into account.

Sincerely,
Chris
