My name is Liz Keating, and I live at 122 Larch Road.

I am speaking in enthusiastic support of Policy Order 3 introduced by Councilor Dennis Carlone that denounces libel against Muslims (with an m).

One of the great benefits of living in Cambridge is its social, economic, racial and religious diversity

Regrettably, it is all too common throughout the US to engage in hateful mischaracterizations and display other forms of intolerance toward Muslims. I encourage the Council to speak out now on this subject.

I urge the Council to speak out on the inaccurate and venomous article in published, impugning the motivations, actions, and reputation at City Councilor Mazen.

I am proud that we recently re-elected Councillor Mazen him to the Council on the first round. He is Cambridge educated and Cambridge-based entrepreneur that was worked to expand affordable housing, educational achievement and civic participation, just to mention a few areas. He has worked hard to improve our community as a councillor and before.

I hope you will resoundingly pass this policy order.
