Dear Members of the City Council

We are unable to attend tonight's meeting and would like to have this read into the record.

For someone who really doesn't get involved in City politics or community involvement, we are writing to express our support of the council order appointing Mr. Rossi. Mr. Rossi has the integrity and compassion, and most importantly, the knowledge to make this city run smoothly.

We applaud you for finally making the right choice!

Sincerely

Elaine & Alan Nathan
