"Bring back the good old days"

1000

In these days when we are all rushing to one matter to another, I invite you to slow one's speed to a read and study on interfaith. To develop as an interfaith-minded person is essential for the survival of us, our Great Society, the Americas. We as a world will be improved immensely when we have compassionate minded Interfaith Ministers that know and understand many religions.

Besides one studying, pondering and great realizations, the Sunshine of the Americas Foundation offers to one and all free ordination as Interfaith Ministers at its flagship site www.WordofHonor.org!

Many of us know that in the 1960's and before, yes for many centuries that many a families had a Minister of Love that would be a special presence in the community. {It could have been a Rabbi, Priest, Minister, Nun, Imam & Monk etc respectfully}

It is special when one that wants to get married can turn to a family relative or friend of the family that is an interfaith minister and have his or her special day celebrated with a Family oriented Minister. Our fair city of Cambridge has many employees and it is fitting for all of those that read this that *an olive leaf of opportunity* is extended to you and all for such a position. This position of InterFaith Minister does not require a degree of Divinity in Rome or at Harvard; it requires a fair mind and an honest heart to be one.

Yes, in the family unit, as a Mother and Father would be, as an Aunt and Uncle did, as Grandma and Grand Pa were, there were special presences of ministries. Then and now a Minister of Love held an honorable place in the minds of the past developing families, societies. Do you feel called to ministry?

Ordination is always for free and any one from any religious background can be one. One and all will keep their personal sense of books, traditions and celebrations. So if you or anyone you know would be interested in such an adventure of spiritual and social development we respectfully welcome any and all! Welcome to the site and remember being a Minister can be a part time job.

I respectfully invite all Rabbis, Imams, Nuns, Ministers and Priests etc. respectfully to become ordained InterFaith Ministers. Why? So that the great Society of Cambridge and beyond and its good people will be fully represented by its religious leaderships as Leaderships of understanding, peace, unity and love.

Yet wait a minute, recall my offer is to **anyone**, anyone can become an InterFaith Minister and with full benefits and privileges with performing marriages, baby blessings, teenage celebration ceremonies, and bereavement farewells etc.

It is time for all to bond, and if the religious Leaders will not do it, then We the People can and someday will do it, consider the calling to be a peacemaker and an InterFaith Minister See www.WordofHonor.org Perfectly legal ordinations!

My Fellow Citizens of Cambridge and beyond, all you need is Love. Sunshine of the Americas Foundation is a 501 c-3 Danny Dee Gug--- Interfaith Minister and Founder
