**Subject:** Reject Forest City Petition

Dear Council Member,

I will be attending Monday's City Council meeting to hear your views on this, but want you to know that the residents of 18 Worcester St. ask you to reject the Forest City petition because of:

- a) the creep of massive Kendall Square-type buildings into Central Square and its neighborhoods
- b) the creep of bio-labs into neighborhoods - such a hazardous and avoidable idea
- c) Forest City's renegeing on prior height agreements and commitment to affordable housing (made during the original University Park up-zoning)

This petition does not offer a good trade-off. Cambridge has a strong enough tax base that such compromises, which typically sacrifice the needs of the poorest among us, do not need to be made.

Please do the right thing to keep Cambridge liveable,
