Attachments: 031813 City Council MIT PUD5 Comments.pdf

To the City Council,

I have attached my comments concerning Manager's Agenda #17, Committee Report #4, and Committee Report #6 concerning the MIT PUD5 petition.

I also have the following comment on Order #11:

The City Charter says:

“Except in the cases of executive sessions authorized by section twenty-three A of chapter thirty-nine, all meetings of the city council shall be open to the press and to the public, and the rules of the city council shall provide that citizens and employees of the city shall have a reasonable opportunity to be heard at any such meeting in regard to any matter considered thereat.”

I think the Charter supersedes Council Rules and this order should not be necessary. If you feel it is, then it should be passed.

Thank You,
