**Subject:** 93 KIRKLAND

To the councillors and the City Clerk,

I want to let you know my discontent concerning the curb cut planned for 93 Kirkland Street.

I have lived on Magnolia Avenue, the next street parallel to Kirkland for 42 years and know how dangerous it would be to have extra traffic near the Tree House academy.

I also do not appreciate to be put in front of a fait accompli, I mean no forum on the subject. I do oppose more construction crammed in every corner at a time when pollution is the issue of the century. We need more trees for all instead. There is plenty of work in renovations.

During the June 17 meeting, mention was made by the last speaker that we, the voices of opposition, do not want change. Well, I do not see continuing grabbing land and building on it the good old way a change. It is more of the same attitude.

I see change in adjusting our vision to the new life conditions: global warming and gross environment degradation that could be fixed with more vegetation.

Thank you for your attention,

Isabelle Torroella
