Subject: Re Eitan and YIS

Cambridge Youth Involvement Subcommittee

February 16

This is Shubham Dhital, one of the Co-Chairs of YIS, and I have recently gotten the devastating news that a past YIS member member, Eitan, has recently passed away. I would have never been part of this organization if it wasn't for him. It was lunch time and I was walking towards the main entrance of CRLS, when he suddenly approached me with a big smile and said "You should sign up for this organization called, YIS". I was not interested in signing up at all, but he was so persistent and ended up convincing me to sign up. Fast forward three years later, I am still part of YIS and have matured as well as learned many leadership skills, all of which is thanks to one and only, Eitan. YIS, and I, would like to thank Eitan for his influence in our organization and wish his family well during this tough time. You will always be in our hearts.
