Subject: Yes to Master Plan

We heartily support a comprehensive master plan with action agenda before more permitting or building occurs in the Alewife area. This is already a highly congested traffic area with many confusing irregularities resulting in daily traffic jams and dangerous pedestrian situations. The area should have had a master plan BEFORE more new units were added; since some haven't been built it needs to be done now. Yes, people will walk and bike, but they'll also use cars--you can bet on that.

Many thanks for voting "yes" for a Master Plan for the Alewife Area-

Jane and Tom Martin
