

CAMBRIDGE CITY COUNCIL

Timothy J. Toomey, Jr.
City Councillor

Dear Colleagues,

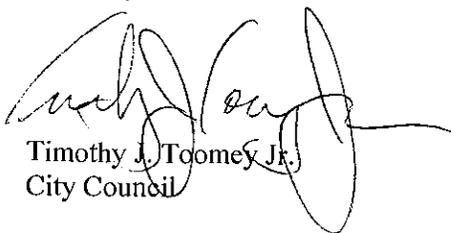

I would like to submit this late communication as a way of letting residents know about a public meeting on Thursday regarding the I-90 Allston Interchange Project.

The purpose of this meeting is to provide Cambridge residents with an opportunity to learn more about the I-90 Allston Interchange project. This is a MassDOT highway project that will straighten the Massachusetts Turnpike in the area of the Allston toll-plaza with the goals of reducing traffic, improving safety, and enabling all-electronic, open-road tolling. Rail, bus, bicycle, and pedestrian improvements may also be included as parts of this project.

The City and the Cambridge Delegation will be hosting an informational meeting on May 1st at 6:00 pm in the Sullivan Chamber of Cambridge City Hall. MassDOT officials will be on hand to discuss the project and answer questions.

Any questions or requests prior to the meeting can be made to my office by calling the State House at 617-722-2380.

Sincerely,

Timothy J. Toomey, Jr.
City Council
