Subject: Support Linkage Order

To Whom it May Concern,

I'm writing in support of order #2 on the council agenda and to increasing the linkage fee. Needless to say, Cambridge suffers from a severe lack of housing affordable to a variety of incomes.

I would like to add that I think Cambridge also suffers from a severe housing shortage in general. I would even more strongly support an increased linkage fee that is coupled with upzoning in appropriate zones in our city in order to increase the overall housing supply.

Many thanks,
Justin Crane
