Cc: City Council
Subject: in support of public financing proposal

I strongly support publicly funded elections because it is the only way to have equal voice to all candidates and thus is the underpinning of fair and democratic elections. It will also free up city councilors to work on important issues in the council rather than spend the second year of their two-year term fund-raising.

I believe it is necessary for the City Manager to report back with his research before a substantive and informed discussion can take place.
