Subject: Public comment on public financing of elections

May 28, 2014
Cambridge City Clerk Donna P Lopez

Dear Donna P Lopez,

I am asking the City Council to take immediate action to address the possibility of public financing for municipal elections. The Clean Elections Law of 2002 gained widespread support at the time of its passage, and the current Council should take steps to explore public financing at the municipal level.

I would like to have the low income represented on the council and not have the Cambridge elections be monetarily supported by the wealthy interests of the developers and pharmaceutical companies. Thank you.

Sincerely,

Kathy Watkins
