**Subject:** Support for Building Energy Disclosure Ordinance

Dear City Councilors,

I was unable to attend the ordinance committee meeting yesterday on the building energy disclosure ordinance. I write to you to express my SUPPORT for this ordinance.

As you know, 80% of our electricity consumed in Cambridge comes from buildings. To reduce our carbon emissions, we need to reduce our energy consumption, and to do that, we need to know how much energy our large buildings are consuming, and for what purposes. Knowledge is power. We need to be much more cognizant of what our consumption is in order to change our ways.

I look forward to the speedy approval and implementation of this important regulation.

Thank you very much.
