OFFICE OF THE CITY CLERK
CAMBRIDGE, MASSACHUSETTS

To Cambridge City Council

I own a home in East Cambridge within blocks of the existing Courthouse.

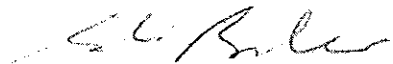

I am writing in strong support of the redevelopment project proposed by Leggat McCall for the Sullivan Courthouse at 40 Thorndike Street. This much-needed project represents a thoughtfully designed transformation of the existing 1970s eyesore into a productive asset for our neighborhood.

Beyond the site development, we are very excited at the prospect of a small grocer opening along First Street in the City-owned garage. It is our understanding that Leggat McCall has offered to make this happen as part of the overall project and in connection with the parking spaces the company is seeking to lease in the First Street Garage. We view the opening of a convenient area grocer as filling a huge void and as a terrific benefit for our community.

The proposal on the table is a good one, backed by a local developer willing to invest in a quality project. The reality of a deserted building surrounded by a chain link fence would be a huge setback for our community and a lost opportunity to continue to improve our neighborhood.

Again, I strongly support the 40 Thorndike redevelopment project and the benefits it will bring to East Cambridge. I respectfully request your approval for the Special Permit application that will allow this project to move forward.

Sincerely

Bob Buder

Re: Direct Abutter Letter for 40 Thorndike Renovation Project

2014 JUN 26 PM 1 35
OFFICE OF THE CITY CLERK
CAMBRIDGE, MASSACHUSETTS

Dear Cambridge City Council:

As resident of East Cambridge and a direct abutter to the Sullivan Courthouse, I have been following with great interest the progress of the 40 Thorndike redevelopment project (the "Project") proposal and the City's review of Special Permit #288. I understand that Leggat McCall Properties ("LMP") has been engaged with the community, particularly with Tim Toomey's working group, to better incorporate the community's input into the Project proposal, and as a result thereof, I understand that certain mitigation measures have been identified and that LMP has refined some of the Project's design elements in response to the community input.

The redevelopment of the Sullivan Courthouse will be a positive step forward for the East Cambridge community. Notwithstanding the fact that the Sullivan Courthouse is already an imposing structure on the neighborhood, the closing of the courthouse operations has already created an inhospitable feel around the entire city block on which the Sullivan Courthouse sits, and as you may know, the State is expecting to relocate the jailhouse detainees to a new facility in Billerica by the end of June, after which the Sullivan Courthouse will be entirely vacant and likely fenced in.

As a general matter, I am a supporter of the Project as I believe any delay in re-injecting life and activity to the city block will potentially create a blighted neighborhood for an uncertain period time. I do believe that LMP still has more work to do in redesigning a Project that will mitigate certain undesirable effects of the building's large massing in an otherwise low-rise neighborhood (e.g. better wind mitigation; firm commitment to bury utility lines in and around the Project) and fully integrate the Project with the surrounding diverse uses (e.g. low rise residential, office, courthouse and parking garage uses). I should note that I am very interested in LMP's proposal for a grocery store in the First Street Garage, as I believe this will be a positive and attractive addition for the residents, workers and visitors alike. In addition, it could serve as a catalyst for First Street to become a great retail destination.

I am writing you today to ask that the City (1) ensure that LMP commit to the mitigation measures as identified by the City and the working group and (2) support the approval and issuance of the Special Permit for the Project.

Sincerely,

Mark Tang

Dear City Councilors:

I am writing to you today to urge you to support the proposed project at 40 Thorndike Street in East Cambridge. Leggat McCall has made significant changes to their proposal that I can stand behind.

I firmly believe that an active 40 Thorndike would benefit the neighborhood much more so than the empty tower that currently exists. Seeing the building used with active stores along the sidewalk would help bring life to Third Street, one of East Cambridge's main roads.

I have been involved in this process since 2011, and was a member of Tim Toomey's working group and have an understanding of all the perimeters of this project. I implore you to move forward on this project.

Thank you very much for your time and consideration

Dear Members of the City Council:

As a resident of East Cambridge I am very excited about the possibility of a grocery store being located in the First Street garage. I believe the latest plans for the redevelopment of the Sullivan Courthouse will be a vast improvement from the current building.

I do not want to see the present building sit abandoned for a decade or more. I urge the City Council to vote to allow the parking garage to become a grocery store.

Thank you.

Very Truly Yours,

John Carlson

Lastly, there are no grocery stores within walking distance of East Cambridge. I consider Cambridge a great walking city, but unfortunately, I am currently unable to walk anywhere to obtain groceries. The current proposal incorporates a grocery store in a very convenient location that would benefit many residents such as myself.

Thank you very much for your time and consideration

Dear City Council,

I am a resident of East Cambridge and I would like to voice my support for the proposed project at the vacant courthouse. The area surrounding the building has felt very dormant since it closed its doors years ago; bringing in new residents, businesses, and a much needed grocery store will add life to our neighborhood.

The proposal has undergone many changes over the past few months. Neighborhood concerns have been heard, considered, and in many cases, incorporated into the current plan.

Thank you very much for considering my thoughts on this matter.

Sincerely,

To the Cambridge Planning Board,

As an East Cambridge resident, I believe the Special Permit application (#288) By LMP GP Holdings, c/o Leggat McCall Properties, LLC, should be approved to convert the existing nonconforming Courthouse structure at 40 Thorndike Street. I am supporting this application because of the much needed amenities that the renovation will bring to East Cambridge. I am especially interested in the possibility of a community space and grocery store coming to our neighborhood. Please approve this special permit and lets move this project forward.

To the Cambridge Planning Board,

As an East Cambridge resident, I believe the Special Permit application (#288) By LMP GP Holdings, c/o Leggat McCall Properties, LLC, should be approved to convert the existing nonconforming Courthouse structure at 40 Thorndike Street. I am supporting this application because of the much needed amenities that the renovation will bring to East Cambridge. I am especially interested in the possibility of a community space and grocery store coming to our neighborhood. Please approve this special permit and lets move this project forward.
