**Cc:** Lopez, Donna  
**Subject:** The Normandy / Twining

Howdy,

My name is Jon Ferguson and I'm a resident of Cambridge (61 Saville. St. #2). I writing today because of my concern with the development know as the Normandy / Twining project and the lack of a cohesive city-wide master development plan.

I urge you to not approve the zoning changes for this project until further though has been given to how this would fit into a master plan and how we can better serve the greater community of Cambridge with developments of this size. I feel the Council should rethink the current approach to piecemeal parcel development and be more strategic in the longer term.

Sincerely,  
Jon Ferguson
