

One Environment. One Simple Way To Care For It.®

EARTHSHARE NEW ENGLAND is a network of the most respected environmental and conservation organizations in New England, across the country and throughout the world, working hard every day to safeguard the precious natural resources we all depend on for our health, well-being and recreation. Employees can choose to designate their gift to one or more EarthShare members to support their favorite causes, or designate their gift to EarthShare. All undesignated gifts to EarthShare are distributed equally among the organizations, so one gift can support a broad range of environmental issues.
