Subject: Opposition to proposed Mass + Main Street Residential Mixed Income Housing Sub district

I'd like to register my opposition to rezoning a chunk of Central Square to benefit one developer. I think it is time we stopped doing these piecemeal changes where the overall effect is never considered.

And somehow, the neighborhood always loses.

Instead, we need to develop a master plan and stick with it.

No special permits or rezoning that adversely impact the master plan should be allowed.

Period.

Thanks
