Subject: Fwd: P.O. 27-Rename Area IV "the Port"

Hello:

I would like to offer comment on Policy Order 27, renaming Area 4 to "The Port":

I support changing the name of Area 4, however I do not support changing it to "The Port." This is because "The Port" is currently typically used as an abbreviation for "Cambridgeport," a different neighborhood.

Calling a neighborhood an abbreviation of a different neighborhood creates confusion and is a disservice to both neighborhoods. I do think Area 4's name should be changed, but I feel the citizens of Area 4 should be able to create their own neighborhood name to compliment their neighborhood's distinctiveness, rather than simply calling them "The Port," a shortened version of a different neighborhood. Area 4 really deserves more than an abbreviated name of another neighborhood.

Sincerely,

Cynthia Kamishlian
