**Subject:** Order #18

**I would like to offer full support for Councilor Dennis Carlone's proposed Policy Order #18. "Order #18 to switch the City of Cambridge from using a conventional blend of fossil fuel-based electricity to 100% renewable energy for all municipal operations (i.e. city buildings, schools, street lights, etc.)."**

Like Councilor Carlone, I have switched my electricity to Mass Energy and see ending our connection with TransCanada and the tarsands is essential for Cambridge to walk the talk of a city that cares about the environment.

Thank you for your efforts to support a livable future for ourselves and our future.
