To: Lopez, Donna <dlopez@cambridgema.gov>;

Dear Cambridge City councilor,

My name is Pam Ross I live at 67 Highland ave. I have lived here for 18 years and in Cambridge since 1977.

I am in favor of Mass and Main proposal. I don't want another office building in that area. An office building means people around on certain hours and certain days. I feel office building makes areas less safe than an apartment building.

I feel the builder of Mass and Main has responded to people's requests no banks, locally owned business, easy access to the neighborhood

and more moderate income housing.

We are in a city that is growing and whether we like it or not change is coming to Cambridge. We live in a city with Harvard and MIT both exert forces on our city. Kendall square and its environs are expensive if we want to control growth in Central Square we must make decisions on building. I am in favor of Mass and Main because they will give moderately paid persons a place to live.

I hope you will consider their proposal and I hope you will start thinking about how we will control growth in the city and especially Central Square. We need a plan as change will keep happening to us and to Cambridge.

Thank you
