Dear City Council,

As I have stated previously, I support the Twining/Normandy project called Mass+Main.

I don't have anything to add to my previously stated reasons for support so I will keep this very brief.

This project contributes in three areas I care about:

1. More housing - with a component of affordable housing
2. Central Square improvements - Central Square can be much better than it is now
3. Sustainability - building to a gold LEED standard is great and high rise living consumes fewer resources per unit than a single family (or two or three family)

I urge you to approve this project.

Sincerely,

Marge Amster
