

Housing and zoning laws and the need for low income housing in Cambridge

City Clerk Agenda

To:Lopez, Donna <dlopez@cambridgema.gov>;

I am concerned about the number of new homes that are being built in retail areas around Cambridge. In Porter Square in particular. I am concerned that the zoning laws have somehow changed. There is hardly enough room for the people and businesses that were already there.

I heard that there is now a plan to build housing, mostly for the wealthy in Central Square, without any or much attention paid to zoning laws that are in place.

This is a note to you to please keep zoning laws as they are as well as to keep in mind the need for more low cost housing for low income persons.

Thank you
Lisa Wexler
