Subject: Please Vote Bishop Petition Now

Dear Councilors:

I have lived at 127 Clay Street for 19 years, and I am disturbed by all the new development that is going up in my neighborhood. The most recent one that has come to my attention is the 104-unit project that Fawcett Oil is planning on Tyler Court. I believe a smaller project would be safer and would fit in better with the one- and two-family homes in this part of North Cambridge.

Please vote on the Bishop Petition before Election Day. That will help me decide whom to vote for when I vote on November 8.

Thank you,

Ken Bader
