Dear City Council,

I am writing writing to express my concern about the rapid, ongoing development in Area Four. This dense development seems to be spreading beyond Kendall Square into the neighboring residential areas where it is not as appropriate. You've probably heard the arguments, so I'll be brief:

Please do not support the zoning variance on Monday permitting Forest City to exceed current height limits at the 'All Asia' restaurant block.

Please support a temporary moratorium on development until reasonable urban planning can be done to produce a plan for the area that will maintain it as a livable residential area.

Thank you for your consideration, and your work for Cambridge residents.

sincerely,

Michael Berman
