Subject: PLEASE vote "NO" on Forest City!!

Dear City Councillors --

I urge you to vote NO on the Forest City petition for Central Square--on your agenda for this coming Monday.

Here are just a few of the reasons I ask that you vote NO:

--Forest City is renegeing on the 80-foot height limit ***previously negotiated*** with the community.

--The company ***refuses to take up the City Council's recommendation*** that it include affordable housing.

-The building is too tall, shadowing Mass Ave in the winter, and cutting off sky and sun from Jill Brown-Rhone Park.

For these reasons and more, ***please wait for the report of the Central Square Advisory Committee*** before making any decisions.

Thank you!

Leslie Cohen
