OFFICE OF THE CITY CLERK  
CAMBRIDGE, MASSACHUSETTS 02142

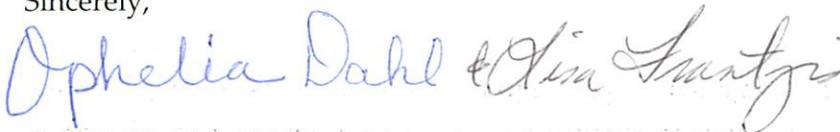

To Whom It May Concern:

Lisa Frantzis and I live at 92 Washington Avenue in Cambridge and are writing in support of the Griffith's request for a curb cut at 9 Wyman Street. As long term residents of Cambridge, who have done extensive renovations on our home, we know how much practical changes can improve quality of living without impacting neighbors. We believe the request for a curb cut by the owners is entirely reasonable. Four separate Cambridge City departments have already approved the curb cut and it is our understanding, as well, that the owners have made modifications to the design to comply with neighbor requests. We have also read that this driveway will be used for an in-law apartment and therefore the additional traffic will be minimal. Had this large lot been subdivided by a developer, the traffic could have increased significantly.

Sasha and Eric are parents in our school and actively involved in "Green-Up," a sustainability Committee at Cambridge Montessori School. They have been some of the most active parents on this Committee and care about their local environment. We are sure that they are requesting modifications that are responsible and necessary.

If you have any questions, or would like to discuss our support for the curb cut further, please feel free to reach out to either of us.

Sincerely,

Ophelia Dahl & Lisa Frantzis
