Subject: Bishop petition

Dear Sir/ Madam:

I'm Claudia Danilowicz and I live in 16 Harrison Ave., Cambridge. I have lived in this city for almost ten years and have always been proud of this city. I truly think it's a great place in which to live and raise my kids.

I'm writing to express my disagreement about the current plans for building a four-story apartment building in North Cambridge. There is already too much development, so a smaller project would be safer. There are many reasons to list explaining why such a big development would negatively affect the neighborhood and the community. I strongly support the Bishop petition and believe that enacting this petition will somehow improve the already adverse situation.

Sincerely,

Claudia Danilowicz
