# Subsidized Hubway Memberships

In Mayor Menino's vision, access to the [New Balance Hubway](#) should be financially within reach for every Bostonian. Together with the Boston Public Health Commission, we offer a subsidized Hubway membership for **\$5**, which **includes a helmet**. We are distributing these memberships to **low income Boston residents only** and to **community groups** that serve these residents.

The Hubway is a bicycle-sharing option that allows you to borrow a bike from one place and return it to another. As a member, you can access a bike from any station across Boston and beyond. See [this map](#) for station locations. Hubway makes it easy to run errands, get exercise, and ride a bicycle virtually hassle free. If you are new to riding a bicycle in Boston, the New Balance Hubway is a great opportunity to try it out. And with the subsidized price, using the Hubway system is much cheaper (and healthier) than using the T.

## Eligibility

You qualify for a subsidized membership if you are a resident of Boston who is at least 17 or older and meet one of the following criteria:

- If you are low income (based on family size). Restrictions apply for college students.
- If you receive any type of public assistance
- If you live in low income housing

Please call the numbers listed below and we'll help you determine if you qualify for a subsidized membership.

## Cost:

If you qualify for the subsidy, your annual membership cost will be \$5, which includes a free helmet. **Additional costs** beyond your \$5 membership are possible. For subsidized members, the first **hour\*** of every bicycle trip is free, but there are usage charges after that. See our [Hubway page](#) for all the details.

\*This is a 30 minute increase from the normal non-subsidized free-use period.

## Individuals:

If you are interested in receiving a subsidized membership, please call (617) 918-4458 to confirm your eligibility and get your subsidized membership code and free helmet today! If you need support in a language other than English, call the BPHC hotline at (617) 534-5690.

## Community Groups:

We will work with any local community organization who serves low income residents and that wants to support Hubway membership as an opportunity for more active living. This includes community centers, churches, parent organizations, social justice organizations, affordable housing coalitions, or any group that represents numerous eligible individuals.

If you have more questions about Hubway subsidized memberships, or if you would like to schedule a presentation about the program for a group you are a
