**Subject:** Please oass the Bishop Petition

Honorable Mayor Davis and Council Members,

I have written to each of you individually to ask that you vote for the Bishop Petition as amended at the City Council meeting on February 27th. I hope that my neighbors and myself have been able to share with you compelling reasons to develop the Fawcett Oil property in a responsible manner. We are pleased that the developers at the Cambridge Lumber site have been able to create a reasonable addition of residential units on Harvey Street, and hope to witness the same outcome on the Fawcett parcel.

Thank you all for responding to the neighborhood's numerous requests for meetings, responding to our emails and phone calls.

Julia Bishop
