**Subject:** REJECT Forest City petition

Dear Cambridge City Council members Cheung, Davis, Decker, Kelley, Maher, Reeves, Simmons, Tommey, and van Beuzekom:

I'm writing to ask that you postpone any action on the Forest City Petition until the planning process for Central Square has been completed.

To agree to the Forest City petition is selling the future of Central Square to developers and creating a neighborhood that will be unlivable for lower-income and middle-class families. Cambridge doesn't belong to those who make money out of it and leave; it belongs to the people who treasure the opportunity to live and create community here. Don't sell us out.

Sincerely,  
Pam Matz  
resident of 22 Essex St. since 1983
