**Subject:** Please support the rezoning in North Cambridge

We are long-time Cambridge residents, now a homeownership family in North Cambridge. Please support our long-term efforts to keep and encourage a vibrant retail environment in our neighborhood. We are not opposed to increased density, but we don't want our area to be overwhelmed by housing that is not balanced and enriched by street-level activity. We think the rezoning with incentives for business is our best opportunity to nurture a walkable, liveable community around our home.

Thanks!
