Subject: REJECT Forest City Petition

Greetings Council Members,

I'm writing because I am urging you to take a stand against the petition to move forward on Forest City. I am very concerned that Central Square will continue to be taken over by interests that are not those of most of its residents.

I am absolutely against any more labs near Central Square for all of the reasons that I'm sure you've already heard and this is the time to stop it. It is already a huge struggle for people who are not wealthy or making a lot of money to pay rent in this area. The thought of higher rents, more congestion, more noise pollution, etc. etc. that could result from this development is so disheartening. Please do what you can to make sure this does not go through as is and preferably at all.

Thank you,

Paula
