
PowerPoint 2007 Level 2

Objectives

You will enhance your presentation with features that will transform it into a powerful means of communication. You will customize the PowerPoint interface to suit your requirements and use the new and enhanced features to create dynamic and visually appealing presentations. You will then finalize a presentation and secure it to authenticate its validity.

Audience

This course is designed for students who want to gain the skills necessary to work with design templates, various types of diagrams, special effects, custom slide shows, collaboration functionality, and advanced presentation delivery. It is for students who already have knowledge of the basics of Microsoft® PowerPoint® 2007, including slide formatting and working with tables, charts, images, objects, and presentation preparation.

Length

1-day class 9:00am-4:30pm (6 hours of instruction)

Format

Instructor led, group-paced, classroom-delivery learning model with structured hands-on activities.
