Subject: Ordinance amendment

I am writing to support the proposed amendment, to allow dogs with valid licenses from surrounding communities to enjoy the same off-leash privileges granted their canine colleagues at Fresh Pond. As a daily user of the Fresh Pond reservation, with a Cambridge licensed dog, I see no reason why we would wish to discriminate against dog owners from nearby communities, any more than we would discriminate against non-resident bikers, runners, or walkers. The non Cambridge users whom I know are some of the most conscientious in picking up after other peoples' dogs and in cherishing the privilege of visiting the Park. I urge the City to adopt this amendment as consistent with the values of our community.

Sincerely,

Cynthia M. Purvis
