Subject: Bike lane improvements

Dear Cambridge City Council,

I am writing to express my strong support for the protected bike lanes proposed in the Cambridge Bicycle Plan -- particularly along Mass Ave in Cambridge. As someone who has been "doored" on Mass Ave right near MIT, I can personally attest to how dangerous it remains to bike around the city, despite the tremendous progress that had been made in increasing public awareness and overall bike safety.

Protected bike lanes are the safest option available and would dramatically improve the biking situation in Cambridge. I urge you to commit to supporting this important improvement to our city.

Thank you,
-Timothy Sutherland
