Have all of you been asleep? How did all these labs and banks move in?
Cambridge 02139 was always a neighborhood of families and working singles. You've made it into
Forest city lab.ville We need more housing, a department store where we can buy sheets and towels
and kitchen stuff. For us who don't drive, a gift to us. I/d also rather see a NURSERY FOR US WHO DON'T DRIVE can buy
plants for our balconys and small gardens and also encourage local businesses
to decorate the season with flowers
