Subject: Vote No on Forest City

Peter Calkins (Forest City) lives in big mansion in North Andover.
Do you think he cares if there's no parking spots in Central Square?
So, why does he donate \$\$ to David Maher and other councilors?

I bet that Peter cares about his Senior Notes in Forest City Enterprises Inc.

According to Cushman & Wakefield - The Best New opportunity lies in class A laboratory space in the Kendall Square/East Cambridge submarket with asking rents at \$56.22 per square foot (psf), triple net.
