

Come review the design for a new park area at Lopez Avenue and Charles Street!

This City-owned parcel is planned to be developed into a new public open space in 2008. In prior community discussions, neighbors have expressed interest in having this remain a passive open space with plantings and landscape improvements, tables and sitting areas, and community gardening plots.

Come to a public presentation to give us your feedback on the preliminary design of the new open space, and to discuss how it may connect to the existing Costa Lopez Taylor Park on the opposite side of Lopez Avenue.

MEETING: Saturday, December 15, 2007 • 10:00am – 11:30am
Kennedy-Longfellow School Cafeteria
158 Spring Street
