Date: March 21, 2011
Re: File No. 5411- Batteries, Starters, Alternators and Priming Pump Motors
Addendum No. 1

The following question was submitted and answered.

Question

Who is currently under contract and what the city is currently paying for the battery portion of this bid.

Answer

The City had a contract with A-1 Battery & Electrical which expired on 3/11/2011.
Attached is a copy of the price proposal section of the contract with A-1 Battery & Electrical.

All other details remain the same.

CYNTHIA H. GRIFFIN
PURCHASING AGENT

ADDENDUM NO. 1

PRICE PROPOSAL

The contract will be awarded to the responsible, responsive bidder offering the lowest total cost in each section. All pricing submitted must include cost associated with delivery. The City may increase the total contract by value by 25%. The City may decrease the quantities required as needed. The bid submitted must be without conditions of exceptions. The quantities listed below are anticipated quantities subject to increase or decrease as needed. Pricing submitted must include delivery.

Section One-Batteries

Batteries do not have to be brand specific; however, all batteries must meet the following specifications. Battery brands we have used that meet these specs are: Superior, Exide, and Johnson Controls. Any substitute manufacture must meet the approval of the Cambridge Fire Department.

Quality Requirement

A "No" response or a failure to respond to the following Quality Requirement will result in a rejection of your bid. Circle Yes or No.

The bidder is a authorized OEM reseller of batteries.
