Re: File No. 6882: Invitation for Bid To Supply, Furnish and Install Custom Planters/benches for MLK Jr. School
Addendum No. 1

Question

I believe there is may be an error in the categorization of the work for this bid as requiring Prevailing Wages, because the item requires "attachment to the building or ground"(s). I have looked at the plans and see no area specified where the planters will attach to the ground, roof membrane or building in any way. The Planters when delivered as fully assembled units ready to install, with the exception of units that will have a bench attached to them. The benches will be fully pre-manufactured also and will require only that they be secured to the planters with nuts and bolts. I would ask that you please reconsider the requirement for Prevailing Wages because the manufacture and installation of these planters in the bid (as specified) do not require attachment to the building or Ground(s).

Answer

Prevailing Wages are not required for this bid. Please disregard any and all language in the Bid Document that requires the payment of prevailing wages.

All other details of this Invitation for Bid remain the same.
