**Responsibility for Vehicle Inspection**

The contractor accepts full responsibility to provide each vehicle for inspection. The inspection will occur during a several week period designated by the City.

The contractor must schedule the inspection through the Department of Public Works Superintendent-Streets, or his designee. Failure to schedule an inspection shall be deemed to be solely the fault of the contractor. The City will not assume any responsibility or liability of the contractor to have the vehicles inspected.

The vehicles at the time of inspection must fully meet all conditions set forth in this contract. The contractor's plow must also pass inspection. If the equipment does not pass inspection the first time, the contractor may modify the equipment and request a re-inspection or supply another piece of equipment after submitting necessary documentation to the City and receiving authorization. However, in no event will a contractor be given a third opportunity to pass an inspection if either the original or replacement equipment fails the second inspection.

**Responsibility for Plows**

The contractor must supply a plow in excellent working condition and sufficiently sized to perform to contract requirements at the time of the vehicle inspection.

**Responsibility for Equipment and Driver**

The contractor must properly maintain, in excellent working condition, the plowing equipment for the entire contract term. The equipment must meet all conditions set forth in the specification of this contract. The vehicles must also meet any and all State License, Registration, and Safety requirements.

The contractor must, upon request by the City, provide License and motor Vehicle Registration at any time during this contract for inspection by the City. The contractor must also supply a fully qualified, licensed and responsible driver and operators of the equipment. The contractor must supply the name of the driver/operator for each vehicle to the City supervisor overseeing the route. Licenses shall be made available for inspection at any time during snow plowing operations.

**Responsibility during Snow Season (November 15 through May 15)**

The Contractor shall report to the Public Works Yard on Hampshire Street, or designated starting location, within one hour after being notified to report or at a time determined by the City and at which time each operator will check in with the City supervisor and will receive a pre-printed Snow Ticket work slip noting the time and equipment number and registration. If the Contractor responds within the one hour time frame or at specified time, a one-hour hook-up fee at the unit rate of the equipment ordered shall apply.

Equipment ordered by the City will be guaranteed a minimum of four (4) hours per unit, providing the arrival time complies with the one hour time frame or the time determined by the City. For arrival after the specified time, payment will be only for hours worked.

During snow plowing operations the contractor will provide the City supervisor with a 2-way portable radio, cellular or Nextel phone or similar device. The device will be used to provide direct contact between the contractor's personnel and the Department of Public Works. Failure of the City to reach the contractor at the specified telephone number shall-not relieve the contractor of the responsibility to start plowing at the designated time.

The Contractor must be prepared to start plowing each route at the time designated by the City. Failure to start at the specified time shall-be cause for the City to have that route plowed with other equipment and for the contractor to be liable for damages to the City.

Notify the City if any equipment is out of service. Equipment must be returned to service as soon as possible. The City at the expense of the contractor, may make alternate plans to have the snow removed from that route until the contractor notifies the City supervisor that the equipment is back in service.

Once the City has called a snow plowing operation, the contractor must:

- A. Arrive at the designated meeting point at the designated time.
- B. Arrive with the vehicles in excellent condition, prepared to work, loaded with appropriate ballast and having chains available for use if needed as may be decided by the City.
- C. Provide competent supervisor with a vehicle to coordinate contractor's plowing efforts with the Department of Public Works when five (5) or more pieces of equipment are ordered.
- D. Plow to the standards set forth in this contract. The main roads will be prioritized for snow removal. Complete snow plowing within the specified time after snowfall. Prior to leaving their route, the contractor's drivers must meet the City supervisor and hand in a Snow Ticket with check-in time, checkout time, truck number and other pertinent information

In the event that the contractor's equipment fails during a plowing operation, the contractor or his representative must notify the City supervisor immediately and have the route covered with the appropriate equipment. If the route is not covered with appropriate equipment within 60 minutes, the City, at the contractor's expense, may take over completion of the route.

Routes shall not be considered satisfactorily completed unless it meets the standards set forth in the contract, as witnessed and acknowledged by the City supervisor at the final sign off for the run.

If after the final sign off and satisfactory completion of a run, the City determines further plowing due to melting of hard pack is warranted, the contractor shall return with appropriate equipment to complete this additional clean up. The work will meet conditions set forth in the contract and will be paid at the contract rate.

All equipment shall have signage permanently affixed to **BOTH SIDES** of the operator's cab. These signs will be supplied by the City, but affixed by the Contractor, and must be returned at the expiration of the Contract or the cost will be deducted from payments due the Contractor.

Care shall be taken to prevent damage due to the operation of Contractor equipment. The Contractor shall repair or cause to be repaired at its expense any damage to public or private property so caused.

If the Contractor supervisor is not present, orders will be given by the City supervisor. The trucks and other equipment will be assigned by the City supervisor to such sections of the City for plowing of snow or snow removal as may be deemed most feasible by the City.

The Contractor shall employ only competent employees to do the work, and whenever the City shall notify the Contractor that any employee on the contract is considered incompetent, disorderly, or otherwise unsatisfactory, such employee shall be replaced and shall not be again employed without the consent of the City.

It shall be the responsibility of the Contractor to direct its operators to check both in and out with the City supervisor. All drivers, operators and other personnel on duty must sign a Snow Operations ticket when dismissed at the end of the operation.

**All equipment shall be garaged within twenty (20) miles of Cambridge, Massachusetts.**

### **Snow Plowing Specifications**

The City will furnish a route map. The Contractor will submit the plowing sequence listing the order in which the streets shall be plowed. This sequence of plowing must be adhered to unless the contractor submits a letter to the City requesting and explaining the reason for changing the plow sequence. The request shall be granted or denied by a return letter to the contractor. The plowing sequence, once established, must be followed, as City supervisors will be checking the contractor's plows by route sequence. The general standard for acceptable work shall be for the contractor to plow snow to the maximum extent possible to the side of the street to the gutter line, leaving no windrows in intersections.

The contractor shall be responsible for plowing all City streets, roads, and avenues, including private ways and intersections within the routes shown on the attached maps and described on the sheets.

The City reserves the right to assign the contractors equipment to sections of the City other than the route map as conditions may warrant.

### **Plowing Requirements**

- Plow streets from the center and to the curb or edge of pavement
- Snow from intersections must be plowed parallel to the curb so that no snow remains in the intersection.
- Intersections must be curved and snow deposited on tangent, sections beyond curve radii.
- Plow at a speed which is sufficient to move snow, but not excessive.
- Plow with loose hoisting chain so plow rides on casters.
- Plow all streets the full width of pavement.
- Do not turn around in private driveways.

**Report to City supervisor immediately**

- If you cannot start plowing at appointed time.
- If equipment breaks down while plowing.
- If any street cannot be plowed and reasons why.
- If vehicles need to be towed.
- Downed power lines or telephone cables.
- If any damage is done to other vehicles or property.
- At completion of route.

**Special Plowing requirements**

**One Way Streets**

One-way streets shall be plowed to each curb. That is, the operator shall plow the left side of the centerline to the left side and plow the right side of the centerline to the right side, and at no time shall the contractor's operator plow a one-way street the wrong way against traffic.

**Plowing Dead End Streets**

The contractor's driver shall not push snow into the end of a dead end street. Near the end of a dead end the driver/operator shall pickup the plow blade, proceed to the end of the street, drop the blade and pull snow back from the end of the street far enough so that the driver/operator can turn around and push snow out from the dead end.

**Blocked Streets**

If a street is blocked, the contractor's driver/operator shall make every attempt to bypass the blockage. If unable to bypass the blockage, the driver/operator shall immediately inform the City supervisor of the blockage. If the blockage is removed, the contractor will then plow the street.

**Intersections**

Assume responsibility to ensure that the intersections and curb radii are properly cleared, with no residual snow left remaining in the intersection.

**Completion of Plowing Operation**

In order to efficiently and expeditiously complete the clearing of snow and ice from city streets, it is necessary to establish a completion schedule. It is understood that weather conditions, particularly in winter, are difficult to predict, and that each storm has a number of variables; e.g. depth, length of snowfall, falling or rising temperatures, time of day or night, early, mid or late winter, and traffic impact. Nonetheless, some guidelines are necessary. Therefore, it is expected that, in most instances, the contractor will complete all routes within one hour of the average completion time of city forces.

**Miscellaneous**

Immediately between May 1, 2015 and May 30, 2015 and for each renewal year the Contractor must return all equipment belonging to the City to the Department of Public Works, on Hampshire Street, Cambridge, in good condition except for ordinary wear.

**Insurance**

The contractor must provide evidence of insurance covering commercial liability, automotive liability for all vehicles to be used on the contract and worker's compensation

**Liability of Contractor**

The Contractor shall take all precautions for preventing injuries to persons and property in performing contract work and shall bear all losses resulting from damage the Contractor may have caused in connection with work performed under the contract. The Contractor shall assume the defense of and indemnify and save harmless the City and its officers, agents and servants from all claims relating to work, to injuries or death to any person or injuries or damages to any corporation or property, received or sustained by or from the Contractor and his employees, or his equipment

in performing contract work, or in consequence of any improper equipment or labor use therewith; and to any act, omission or neglect by the Contractor or his employees.

**Payment**

The Contractor shall receive payment for service from the time the operator checks in with the City supervisor. Payment for service will terminate when operator checks out with the City supervisor. If the Contractor responds within the one hour time frame, a one-hour hook-up fee at the unit rate of the equipment ordered shall apply. The City reserves the right to hire equipment other than from the Contractor if the Contractor's equipment does not report, ready for service, within one (1) hour of the time ordered. When such equipment, other than the Contractor's is employed, any expense incurred above the contract price shall be borne by the Contractor and such additional expense shall be deducted from any money due the Contractor.

Equipment ordered by the City will be guaranteed a minimum of four (4) hours per unit, providing the arrival time complies with the contract as specified.

Time lost because of breakdown of the Contractor's equipment will not be paid for by the City.

"Alert Duty Time" shall be the amount paid to the Contractor for mounting plows and loading ballast upon request of the City when it becomes unnecessary for the Contractor to report for work. The amount for "Alert Duty Time" under Item 12 shall be the total amount paid regardless of the time of date or night, or day of week, Saturday, Sunday and Holidays included.

Invoices must be submitted directly to the Department of Public Works. Each invoice **must** include the following information: Contractor's name, address and telephone number, snow ticket number, number of hours worked, date(s) worked, type of truck or equipment, vehicle registration number and unit price per hour. A copy of each snow ticket must be included with the invoice. Please include hook-up fee in the number of hours billed **if** it applies.

In consideration of the need to reserve equipment, the City will guarantee a minimum payment of \$15,000 for each snow season, provided that the contractor performs contract services to the satisfaction of the City. In the event contract costs per snow season exceed the minimum, payment will be for work performed.

In further compliance with the Act, all Contractors who enter into contracts with the City are prohibited from discrimination against the City's employees, regardless of the size of the Contractor.

The Act protects against discrimination on the basis of "disability", which is defined as a physical or mental impairment that substantially limits at least one "major life activity"; discrimination against a person having a history or record of such impairment; and discrimination against an individual regarded - even if inaccurately - as having such an impairment. The Act also expressly prohibits discrimination that is based on an individual's relationship or association with a disabled person.

The Contractor shall not discriminate against any qualified employee or job applicant with a disability and will make the activities, programs and services covered by any contract awarded through this procurement readily accessible to and usable by individuals with disabilities. To be qualified for a job, or to avail oneself of the Contractor's services, the individual with the disability must meet the essential eligibility requirements for receipt of the Contractor's services or participation in the Contractor's programs or activities with or without: 1) reasonable modifications to the Contractor's rules, policies and practices; 2) removal of architectural, communication, or transportation barriers; or, 3) provisions of auxiliary aids and services.

By submitting its contract, the Contractor certifies to the City of Cambridge that it understands and will comply with all applicable provisions of the Act, including compliance with applicable provisions of Section 504 of the Rehabilitation Act of 1973, if the Contractor is receiving federal funds.

The undersigned certifies under penalties of perjury that this contract has been made and submitted in good faith and without collusion or fraud with any other person. City of Cambridge CORI Policy

1. Where Criminal Offender Record Information (CORI) checks are part of a general background check for employment or volunteer work, the following practices and procedures will generally be followed.
2. CORI checks will only be conducted as authorized by Criminal History Systems Board (CHSB). All applicants will be notified that a CORI check will be conducted. If requested, the applicant will be provided with a copy of the CORI policy.
3. An informed review of a criminal record requires adequate training. Accordingly, all personnel authorized to review CORI in the decision-making process will be thoroughly familiar with the educational materials made available by the CHSB.
4. Prior to initiating a CORI check, the City will review the qualifications of the applicant to determine if the applicant is otherwise qualified for the relevant position. The City will not conduct a CORI check on an applicant that is not otherwise qualified for the relevant position.
5. Unless otherwise provided by law, a criminal record will not automatically disqualify an applicant. Rather, determination of suitability based on CORI checks will be made consistent with this policy and any applicable law or regulations.
6. If a criminal record is received from CHSB, the authorized individual will closely compare the record provided by CHSB with the information on the CORI request form and any other identifying information provided by the applicant, to ensure the record relates to the applicant.
7. If, in receiving a CORI report, the City receives information it is not authorized to receive (e.g. cases with dispositions such as not guilty or dismissal, in circumstances where the City is only authorized to receive convictions or case-pending information), the City will inform the applicant and provide the applicant with a copy of the report and a copy of CHSB's *Information Concerning the Process in Correcting a Criminal Record* so that the applicant may pursue correction with the CHSB.
8. If the City of Cambridge is planning to make an adverse decision based on the results of the CORI check, the applicant will be notified immediately. The applicant shall be provided with a copy of the criminal record and the City's CORI policy, advised of the part(s) of the record that make the individual unsuitable for the position and given an opportunity to dispute the accuracy and relevance of the CORI record.
9. Applicants challenging the accuracy of the criminal record shall be provided a copy of CHSB's *Information Concerning the Process in Correcting a Criminal Record*. If the CORI record provided does not exactly match the identification information provided by the applicant, the City of Cambridge will make a determination based on a comparison of the CORI record and documents provided by the applicant. The City of Cambridge may contact CHSB and request a detailed search consistent with CHSB policy.
10. If the City of Cambridge reasonably believes the record belongs to the applicant and is accurate, then the determination of suitability for the position will be made. Unless otherwise provided by law, factors considered in determining suitability may include, but not be limited to the following:
  - (a) Relevance of the crime to the position sought;
  - (b) The nature of the work to be performed;
  - (c) Time since the conviction;
  - (d) Age of the candidate at the time of offense;
  - (e) Seriousness and specific circumstances of the offense;

- (f) The number of offenses;
  - (g) Whether the applicant has pending charges;
  - (h) Any relevant evidence of rehabilitation or lack thereof;
  - (i) Any other relevant information, including information submitted by the candidate or requested by the City.
11. The Personnel Department will assist affected departments, in assessing the suitability of candidates in accordance with paragraph 10 a through i above, to ensure consistency, fairness, and protection of employment opportunities and the public interest.
  12. The City of Cambridge will notify the applicant of the decision and the basis of the decision in a timely manner.
  13. CORI information shall not be disseminated or shared with any unauthorized employees or other, but shall be maintained in confidence consistent with the obligations of law.

**2.121.010 Title and Purpose.**

This Chapter shall be known as the "Cambridge Living Wage Ordinance". The purpose of this ordinance is to assure that employees of the City of Cambridge and employees of City contractors, subcontractors and beneficiaries of tax abatements, loans, grants, subsidies and other assistance provided by the City earn an hourly wage that is needed to support a family of four.

**2.121.020 Definitions.**

For the purposes of this ordinance, the term:

**(a) "Applicable Department"** means the Personnel Department for employees of the City of Cambridge, the Purchasing Department, with the advice and assistance of the appropriate department which receives the services, for Covered Employers who contract or subcontract with the City of Cambridge, the School Department for employees, contractors and subcontractors of the School Department, and the City Manager's Office for any other Person who is a Beneficiary of assistance other than a contract or subcontract.

**(b) "Assistance"** means:

(1) any grant, loan, tax incentive, bond financing, subsidy, or other form of assistance valued at least \$10,000 that an employer receives by or through the authority or approval of the City of Cambridge, including, but not limited to, c. 121A tax abatements, industrial development bonds, Community Development Block Grant (CDBG) loans and grants, Enterprise Zone designations awarded after the effective date of this Chapter, and the lease of city owned land or buildings below market value; and

(2) any service contract, as defined herein, of at least \$10,000 with the City of Cambridge that is made with an employer to provide services pursuant to G.L.c. 30B or other public procurement laws, awarded, renegotiated or renewed after the effective date of this Chapter.

(3) any service subcontract, as defined herein, of at least \$10,000.

**(c) "Beneficiary"** means:

(1) any person who is a recipient of Assistance;

(2) any company or person that is a tenant or sub-tenant, leaseholder or sub-leaseholder of a recipient of Assistance, provided that said company or person employs at least 25 persons and occupies property or uses equipment or property that is improved or developed as a result of Assistance, after the effective date of this Chapter; and

(d) "**Covered Employer**" means the City of Cambridge or a Beneficiary of Assistance.

(e) "**Covered Employee**" means:

(1) a person employed by the City of Cambridge except for persons in those positions listed in Section 2.121.040(j) of this ordinance; and

(2) a person employed by a Covered Employer, or a person employed by an independent contractor doing business with a Covered Employer, who would directly expend any of his or her time on the activities funded by the contract or the activities for which the Beneficiary received the Assistance, except for persons in those positions listed in Section 2.121.040(j) of this ordinance..

(f) "**Living Wage**" has the meaning stated in Section 2.121.030.

(g) "**Person**" means one or more of the following or their agents, employees, servants, representatives, and legal representatives: individuals, corporations, partnerships, joint ventures, associations, labor organizations, educational institutions, mutual companies, joint-stock companies, trusts, unincorporated organizations, trustees, trustees in bankruptcy, receivers, fiduciaries, and all other entities recognized at law by the Commonwealth of Massachusetts.

(h) "**Service Contract**" means a contract let to a contractor by the City of Cambridge for the furnishing of services, to or for the City, except contracts where services are incidental to the delivery of products, equipment or commodities. A contract for the purchase or lease of goods, products, equipment, supplies or other property is not a "service contract" for the purposes of this definition.

(i) "**Service Subcontract**" means a subcontract primarily for the furnishing of services, to or for a recipient of Assistance, except where services are incidental to the delivery of products, equipment or commodities. A contract for the purchase or lease of goods, products, equipment, supplies or other property is not a "service subcontract" for the purposes of this definition.

#### **2.121.030 Living Wage.**

(a) **Applicability.** Covered Employers shall pay no less than the Living Wage to their employees.

(b) **Amount of wage.** The Living Wage shall be calculated on an hourly basis and shall be no less than \$10.00, subject to adjustment as provided herein. The Living Wage shall be upwardly adjusted each year no later than March first in proportion to the increase at the immediately preceding December 31 over the year earlier level of the Annual Average Consumer Price Index for All Urban Consumers (CPI -U) Boston-Lawrence-Salem, MA - NH, as published by the Bureau of Labor Statistics, United States Department of Labor applied to \$10.00.

(c) **No reduction in collective bargaining wage rates.** Nothing in this Chapter shall be read to require or authorize any beneficiary to reduce wages set by a collective bargaining agreement.

(d) **Cuts in non-wage benefits prohibited.** No Beneficiary will fund wage increases required by this Chapter, or otherwise respond to the provisions of this Chapter, by reducing the health, insurance, pension, vacation, or other non-wage benefits of any of its employees.

#### **2.121.040 Waivers and Exceptions.**

(a) **Waivers.** A Covered Employer may request that the City Manager grant a partial or whole waiver to the requirements of this Chapter.

(b) **General Waivers.** Waivers may be granted where application of this Chapter to a particular form of Assistance is found by the City Solicitor to violate a specific state or federal statutory, regulatory or constitutional provision or provisions, and the City Manager approves the waiver on that basis.

**(c) Hardship Waivers for certain not-for-profit employers.** An employer, who has a contract with the City of Cambridge which is not subject to the provisions of G.L. c. 30B, may apply to the City Manager for a specific waiver where payment of the Living Wage by a not-for-profit Covered Employer would cause a substantial hardship to the Covered Employer.

**(d) Chapter 30B contract waivers.** Prior to issuing an invitation for bids for a procurement contract subject to the provisions of G.L. c. 30B, any Applicable Department may apply to the City Manager for a waiver of the application of the Living Wage to the contract where payment of the Living Wage by a Covered Employer would make it inordinately expensive for the City to contract for the services or would result in a significant loss of services, because the contracted work cannot be segregated from the other work of the Covered Employer.

**(e) General Waiver Request Contents.** All General Waiver requests shall include the following:

- (1) The nature of the Assistance to which this Chapter applies;
- (2) The specific or official name of the Assistance and Assistance program, the statutory or regulatory authority for the granting of the Assistance, and a copy of that authority;**
- (3) The conflicting statutory, regulatory, or constitutional provision or provisions that makes compliance with this Chapter unlawful, and a copy of each such provision; and
- (4) A factual explication and legal analysis of how compliance with this Chapter would violate the cited provision or provisions, and the legal consequences that would attach if the violation were to occur.

**(f) Hardship Waiver Request Contents.** All Hardship Waiver requests shall include the following:

- (1) The nature of the Assistance to which this Chapter applies;**
- (2) A detailed explanation of why payment of the Living Wage would cause a substantial hardship to the Covered Employer; and
- (3) A statement of proposed wages below the Living Wage.

**(g) Chapter 30B Contract Waiver Request Contents.** A Chapter 30B contract waiver request shall include the following:

- (1) The nature of the Assistance to which this Chapter applies;
- (2) A detailed explanation of why the contracted work cannot be segregated from the other work of the bidding Covered Employers thereby making the cost of the contract with the payment of the Living Wage inordinately expensive or would result in a significant loss of services;

**(h) Community Advisory Board review and recommendation regarding waiver requests.** The Community Advisory Board, as described in Section 2.121.070 of this ordinance, shall consider waiver requests along with their supporting documentation and analysis, and may hold a public hearing to consider the views of the public before making a recommendation to the City Manager regarding the waiver request. For a hardship waiver, the Community Advisory Board shall offer an opportunity to be heard to employees of the Covered Employer. After reviewing the recommendation of the Community Advisory Board, the City Manager may approve and grant or deny all or part of a request. The City Manager may in his or her discretion grant a temporary hardship waiver pending the hearing before the Community Advisory Board. For Chapter 30B contract waivers, the Community Advisory Board shall make its recommendation to the City Manager no more than thirty days after it is notified of the request for a Chapter 30B contract waiver.

**(i) Terms of exceptions.** If an employer is subject to this Chapter as a result of its receipt of more than one kind of Assistance covered by this Chapter, and if the City Manager grants a waiver with respect to one form of Assistance, the City Manager need not find that this Chapter is inapplicable to the employer with respect to another form of Assistance received by the employer.

**(j) Exceptions.** The following positions will be excepted from the requirement of the payment of the Living Wage upon certification in an affidavit in a form approved by the Applicable Department and signed by a principal officer of the Covered Employer that the positions are as follows:

- (1) youth hired pursuant to a city, state, or federally funded program which employs youth as defined by city, state, or federal guidelines, during the summer, or as part of a school to work program, or in other related seasonal or part-time program;

- (2) work-study or cooperative educational programs;
- (3) trainees who are given a stipend or wage as part of a job training program that provides the trainees with additional services, which may include, but are not limited to, room and board, case management, or job readiness services.
- (4) persons working in a recognized supported employment program that provides workers with additional services, which may include, but are not limited to, room and board, case management, counseling, or job coaching;
- (5) positions where housing is provided by the employer;
- (6) employees who are exempt from federal or state minimum wage requirements; and
- (7) individuals employed by the City of Cambridge where the employment of such individuals is intended primarily to provide a benefit or subsidy to such individuals, although the City is compensating them for work performed.

**2.121.050 Notification Requirements.**

All Applicable Departments shall provide in writing an explanation of the requirements of this ordinance in all requests for bids for service contracts and to all persons applying for Assistance as defined by this ordinance. All persons who have signed a service contract with the City of Cambridge or a contract for Assistance shall forward a copy of such requirements to any person submitting a bid for a subcontract on the Assistance contract.

**2.121.060 Duties of Covered Employers.**

**(a) Notification Requirements.** Covered employers shall provide each Covered employee with a fact sheet about this ordinance and shall post a notice about the ordinance in a conspicuous location visible to all employees. The fact sheet and poster shall be provided to the Covered Employer by the Applicable Department and shall include:

- (1) notice of the Living Wage amount;
- (2) a summary of the provisions of this ordinance;
- (3) a description of the enforcement provisions of the ordinance;
- (4) the name, address, and phone number of a person designated by the Applicable Department to whom complaints of noncompliance with this ordinance should be directed.

- (1) the name of the program or project under which the contract or subcontract is being awarded;
- (2) a local contact name, address, and phone number for the Beneficiary;
- (3) a written commitment by the Beneficiary to pay all Covered Employees not less than the Living Wage as subject to adjustment under this ordinance and to comply with the provisions of this ordinance;
- (4) a list of Covered Employees under the contract with the employees' job titles;
