**From:** City of Cambridge  
**Date:** February 17, 2016  
**Re:** File No. 7141- Hazmat Command and Rehab Bus for Cambridge Fire Department  
Addendum No.1

---

The following question was submitted and answered.

Question-

IS the requested bid for a flat-note, front-engine school-bus style body? If so, would a conventional nose with a tilt hood be an acceptable alternative?

Answer

No. A conventional nose with a tilt hood is not an acceptable alternative. We need to keep the overall length and wheelbase as specified in the bid document in order to deal with narrow contested streets.

All other particulars remain the same.

A handwritten signature in cursive script that reads "Joan Dillon".
