The following questions were submitted and answered:

**Question:** Specifications 01010-1 1.03 Scope of work paragraph B The Superintendent shall not work as a foreman, mechanic, laborer or tradesman except with written permission of the engineer. We have done many projects for Cambridge where we have not had a fulltime superintendent. Is this acceptable on this project?

**Answer:** The Contractor's superintendent shall be present anytime work included in this contract is in progress and shall not be a mechanic, laborer or tradesman. The Contractor's superintendent shall be a foreman with a minimum of five years experience with the selected contractor, shall be a fulltime employee of the selected contractor and shall be designated as the contractor's representative on site.

**Question:** We need to know if anyone knows the size and capacity of the oil tank, How much oil is in the tank?

**Answer:** The oil tank is approximately 5' diameter x 12' long. The Gauge currently shows 21" of fuel remain on June 11, 2014.

**Question:** Will anyone be able to see the site other than today?

**Answer:** Additional site visits are acceptable. Schedule all site visits with Owner's representative, Frank Geary, 617-447-0113. Site visits are subject to Owner representative's schedule.

All other details remain the same.
