RE: File No. 7382 – Senior Center Roof Replacement Early Steel Package - Addendum No. 1

The following question was asked and answered:

1. **Question:** It appears that the insurance requirements for this size a job is extremely high. Would you consider limits of a \$2 million umbrella? Also, confirm that a builder's risk policy is needed even though it is a bonded project and if the Railroad Protective Liability is required.
2. **Answer:** Please update the following insurance requirements; \$2Million Umbrella is acceptable, Builders risk policy is still needed and Railroad Protective Liability is not required.

All other details remain the same.
