2. The delivery time of the shipment shall not exceed 72 hours from the time of manufacture. The term manufacture does not include shipping hypochlorite that is manufactured outside of the 72-hour window nor does it include diluting higher strength sodium hypochlorite that is manufactured outside of the 72-hour window. The manufacture date must be listed on the Certificate of Analysis.

3. Upon observation of particulates in the product or material accumulation in the storage tanks or associated process piping, the vendor shall, at a cost to the vendor, clean the affected equipment and dispose of the material in accordance with applicable state and federal regulations. The cleaning of affected equipment shall be coordinated with CWD management.

4. Upon contract award the vendor may inspect an CWD storage tank to see the cleanliness of the tank. The CWD may only be able to allow an inspection one tank at a time.

5. The vendor shall perform a suspended solids test on sodium hypochlorite sample prior to shipment. The test shall have the same test methods as the “Suspended Solids Quality Test for Bleach using Vacuum Filtration”, developed by Dr. Bernard Bubnis of NovaChem. CWD reserves the right to perform this test on a tank truck sample as an acceptance criterion. Product not within the specifications may be grounds for rejecting the delivery or generations of a letter of nonconformance.

6. The suspended solids in the sodium hypochlorite shall have a filtration time of less than 3 minutes for 1000 milliliters when applying the test method referenced above.

7. Sodium hypochlorite shall conform to the specifications listed in Table 3 and the maximum concentrations listed in Table 4. The Independent Analysis for Impurities shall disclose the results of these parameters.

1. Sodium Hypochlorite shall conform to the latest ANSI/AWWA B300 Standard for Hypochlorite’s. Where the ANSI/AWWA Standard has conflicting requirements with that of CWD, the CWD purchase specifications and delivery acceptance procedures shall take precedence over the ANSI/AWWA standard.

   a. Sodium Hypochlorite shall be ANSI/NSF Standard 60 certified for drinking water chemicals. The chemical shall have been tested and certified by a product certification organization accredited for this purpose by the American National Standards Institute (ANSI).

   b. Failure to comply with these requirements at manufacturing or trans load facilities (if applicable) or the loss of ANSI/NSF 60 certification shall be considered grounds for non-issuance of contract or cancellation of this contract.

2. If ANSI/NSF Standard 60 certification is lost, the vendor shall notify the CWD immediately.

C. Delivery Documentation

1. At a minimum the following are required with every delivery to the CWD: Bill of Lading Certificate of Analysis, and a machine generated weight slip. The cost of these documents shall be included in the vendors bid price.

9. Delivery documentation should clearly show product transfers that occur after manufacturing up to and including transfer into the vehicle that arrives at CWD.

D. Purity Testing & Independent Analysis for Impurities

1. CWD will conduct strength and purity testing of the product throughout the contract period. If test results are unsatisfactory, a letter of nonconformance will be sent to the vendor at which time the vendor will be required to institute corrective actions. Continued non-compliance (more than four times per year) can result in vendor contract dismissal.

Section 504 of the Rehabilitation Act of 1973
Tax Compliance/Anti-Collusion Statement
Debarment Statement

The Americans with Disabilities Act (the "Act") applies to all employers of fifteen or more employees. All vendors that are subject to the Act must comply with its provisions. In further compliance with the Act, all Contractors who enter into contracts with the City are prohibited from discrimination against the City's employees, regardless of the size of the Contractor.

The Act protects against discrimination on the basis of "disability", which is defined as a physical or mental impairment that substantially limits at least one "major life activity"; discrimination against a person having a history or record of such impairment; and discrimination against an individual regarded - even if inaccurately - as having such an impairment. The Act also expressly prohibits discrimination that is based on an individual's relationship or association with a disabled person.

The Contractor shall not discriminate against any qualified employee or job applicant with a disability and will make the activities, programs and services covered by any contract awarded through this procurement readily accessible to and usable by individuals with disabilities. To be qualified for a job, or to avail oneself of the Contractor's services, the individual with the disability must meet the essential eligibility requirements for receipt of the Contractor's services or participation in the Contractor's programs or activities with or without: 1) reasonable modifications to the Contractor's rules, policies and practices; 2) removal of architectural, communication, or transportation barriers; or, 3) provisions of auxiliary aids and services.

By submitting its contract, the Contractor certifies to the City of Cambridge that it understands and will comply with all applicable provisions of the Act, including compliance with applicable provisions of Section 504 of the Rehabilitation Act of 1973, if the Contractor is receiving federal funds.

The undersigned certifies under penalties of perjury that this contract has been made and submitted in good faith and without collusion or fraud with any other person. As used in this certification, the "person" shall mean any natural person, business, partnership, corporation, union, committee, club, or other organization, entity, or group of individuals.

As required by M.G.L. c. 62C, §49A, the undersigned certifies under the penalties of perjury that the Contractor has complied with all laws of the commonwealth relating to taxes, reporting of employees and contractors, and withholding and remitting child support.

The undersigned certifies that it is not currently subject to any State or Federal debarment order.

City of Cambridge CORI Policy

Where Criminal Offender Record Information (CORI) checks are part of a general background check for employment or volunteer work, the following practices and procedures will generally be followed.

1. CORI checks will only be conducted as authorized by Criminal History Systems Board (CHSB). All applicants will be notified that a CORI check will be conducted. If requested, the applicant will be provided with a copy of the CORI policy.

2. An informed review of a criminal record requires adequate training. Accordingly, all personnel authorized to review CORI in the decision-making process will be thoroughly familiar with the educational materials made available by the CHSB.

3. Prior to initiating a CORI check, the City will review the qualifications of the applicant to determine if the applicant is otherwise qualified for the relevant position. The City will not conduct a CORI check on an applicant that is not otherwise qualified for the relevant position.

4. Unless otherwise provided by law, a criminal record will not automatically disqualify an applicant. Rather, determination of suitability based on CORI checks will be made consistent with this policy and any applicable law or regulations.

5. If a criminal record is received from CHSB, the authorized individual will closely compare the record provided by CHSB with the information on the CORI request form and any other identifying information provided by the applicant, to ensure the record relates to the applicant.

6. If, in receiving a CORI report, the City receives information it is not authorized to receive (e.g. cases with dispositions such as not guilty or dismissal, in circumstances where the City is only authorized to receive convictions or case-pending information), the City will inform the applicant and provide the applicant with a copy of the report and a copy of CHSB’s Information Concerning the Process in Correcting a Criminal Record so that the applicant may pursue correction with the CHSB.

7. If the City of Cambridge is planning to make an adverse decision based on the results of the CORI check, the applicant will be notified immediately. The applicant shall be provided with a copy of the criminal record and the City’s CORI policy, advised of the part(s) of the record that make the individual unsuitable for the position and given an opportunity to dispute the accuracy and relevance of the CORI record.

8. Applicants challenging the accuracy of the criminal record shall be provided a copy of CHSB’s Information Concerning the Process in Correcting a Criminal Record. If the CORI record provided does not exactly match the identification information provided by the applicant, the City of Cambridge will make a determination based on a comparison of the CORI record and documents provided by the applicant. The City of Cambridge may contact CHSB and request a detailed search consistent with CHSB policy.

9. If the City of Cambridge reasonably believes the record belongs to the applicant and is accurate, then the determination of suitability for the position will be made. Unless otherwise provided by law, factors considered in determining suitability may include, but not be limited to the following:

(a) Relevance of the crime to the position sought;
(b) The nature of the work to be performed;
(c) Time since the conviction;

Name of Bidder: ____________________________________________________________
(d) Age of the candidate at the time of offense;
(e) Seriousness and specific circumstances of the offense;
(f) The number of offenses;
(g) Whether the applicant has pending charges;
(h) Any relevant evidence of rehabilitation or lack thereof;
(i) Any other relevant information, including information submitted by
the candidate or requested by the City.

10. The Personnel Department will assist affected departments, in assessing the suitability of
candidates in accordance with paragraph 10 a through i above, to ensure consistency,
fairness, and protection of employment opportunities and the public interest.

11. The City of Cambridge will notify the applicant of the decision and the basis of the
decision in a timely manner.

12. CORI information shall not be disseminated or shared with any unauthorized employees
or other but shall be maintained in confidence consistent with the obligations of law.

(e) General Waiver Request Contents. All General Waiver requests shall include the following:

1. The nature of the Assistance to which this Chapter applies;
2. The specific or official name of the Assistance and Assistance program, the statutory or regulatory authority for the granting of the Assistance, and a copy of that authority;

1. The nature of the Assistance to which this Chapter applies;

(h) Community Advisory Board review and recommendation regarding waiver requests. The Community Advisory Board, as described in Section 2.121.070 of this ordinance, shall consider waiver requests along with their supporting documentation and analysis, and may hold a public hearing to consider the views of the public before making a recommendation to the City Manager regarding the waiver request. For a hardship waiver, the Community Advisory Board shall offer an opportunity to be heard to employees of the Covered Employer. After reviewing the recommendation of the Community Advisory Board, the City Manager may approve and grant or deny all or part of a request. pay and benefits, attorneys fees and costs, by filing suit against a Beneficiary in any court of 
competent jurisdiction.

(f) Remedies herein non-exclusive. No remedy set forth in this Chapter is intended to be 
exclusive or a prerequisite for asserting a claim for relief to enforce the right granted under this

otherwise asserting his or her rights under this Chapter, participating in any of its proceedings or
